

Administrative Assistant

Crystal Holguin

Energetic. Always ready to take on the day and whatever comes with it. She grew up in Southern California then moved Northern California for college and lived in a tiny college town called Chico for many years following.

Spent her time in the fashion world before moving to Arizona. She brought her two dogs, Echo and Delta, her cat named Gustave, and of course her fiancé Will. While she isn't working hard at the office she enjoys traveling, trying out a new recipe, enjoying a drink by the pool, true crime podcasts, binge watching the newest show, and exploring everything Arizona has to offer, especially if dogs are allowed.
